WOULD SIMPLIFY DESIGNATION OF MOLINE STREETS

Commissioner Anderson Has Ordinance Dropping Fractional Numbers.

PROPOSES LETTER SYSTEM

Plan Calls for 42 Changes and Leaves House Numbers Practically as at Present.

Fractional street numbers are done away with and a system of letters substituted in an ordinance which Commissioner Clark G. Anderson has prepared and will present to the city commission at its meeting next Monday. In support of the plan the commissioner submitted to the press today the following statement:

"Change in street names is not a matter of one man's nor a few men's opinions, as it affects every resident and merchant of our city, the postal service and the convenience of strangers within our gates. It should, therefore, be given a full and free discussion with a view to the greatest good to the greatest number, without reference to temporary inconvenience of the individual.

"Two and three names for the same street is not alone a source of confusion, but also an indication of the carelessness on the part of the community as a whole.

"A fractional street is an anomaly naturally distasteful and inconvenient to the citizens living thereon.

SYSTEM INADEQUATE.
"The present ordinance governing street numbers has become antiquated and as the city has developed the numerical system so far provided for numbering streets has broken down in several instances, thus necessitating a further modification.

"The change provided by the proposed ordinance, I believe has the following merits:

It does not cause radical changes in present house numbers, as houses between streets having fractional numbers will occur only between such streets and avenues as are given an entirely different number from that which they now bear. The number for a house on a street, given a different number from that which it now bears, will not change unless the preceding avenue is also changed, which occurs in a very few places.

"Using the letters of the alphabet as index letters, in place of the fractions now used, affords greater latitude in properly naming streets than do the fractional numbers.

"The use of index letters gives a distinctive name to a street and the idea of a back road, as is the case of a fractional number, is done away with.

"The use of index letters dispenses with the confusion attendant with giving streets names and also maintains all the advantages of location which the numerical system is intended to give.

"I would ask that you request your readers to notify any of the city commissioners of such additional corrections in street numbers, as through accident may have been overlooked

in preparing the ordinance, before the ordinance is up for final action."

Clothing Is Stolen.
Clarence Gulick, a roomer at the Arlington hotel, reported to the police last night that two suits of clothing had been stolen from his room. A fellow boarder who was registered as Charles Randolph, who disappeared yesterday, leaving an old suit of clothing behind, is suspected.

CRIPPLED TEAM GOES TO AURORA

Second High School Eleven Is Playing at Alexis—Schedule Completed.

Thirteen high school football players, accompanied by Coach Burroughs and Manager Fairchild, left this morning at 6:30 on the Burlington road for Aurora to play the East Aurora high school this afternoon. They are due at Aurora at 1 o'clock, giving barely time to get into their gridiron togs before the game. Kiet, Willis and Shalberg were suffering from injuries which would handicap them somewhat in their work.

The second team went to Alexis to play the high school of that place, Billy Dewand being in charge of the squad in the absence of Karl Adams, the coach, who had agreed to referee the Rock Island-Macomb normal game.

Changes have been made in the high school schedule, Morrison high school having been secured for a game in place of Princeton and the only open date filed by the Normal university team. Following is the schedule for the remainder of the season:

Oct. 25—Monmouth, in Moline.

Nov. 1—Morrison, in Moline.

Nov. 8—Danville, at Danville.

Nov. 15—Normal university, in Moline.

Nov. 22—Galesburg, in Moline.

Nov. 27—Davenport, in Davenport.

BROWN SPEAKER AT BIG MEETING

Moline Will Be Represented at Conference of Commercial Clubs at Chicago.

Chairman R. B. Lourie and Secretary A. G. Brown were authorized by the Greater Moline committee at its session Friday to represent it at the Illinois fellowship conference to be held at the Hotel Sherman, Chicago, next Wednesday. Mr. Brown is slated for an address of welcome at the morning session. The fellowship conference is annually held under the auspices of the Chicago Association of Commerce and is for the purpose of drawing the Chicago organization and those of similar nature elsewhere in the state into closer relations.

The morning session will be held at 10 o'clock and the topic will be "How Can a Better Cooperation be Developed Between the Chicago Association of Commerce and Other Similar Organizations of the State?" At noon the visiting delegates will be entertained at luncheon in the Hotel Sherman, at 2 o'clock they will be taken for an auto ride, at 6 they will be dined at the Union League club and at 8 there will be a theatre party for them.

PHONE TRUCE IN THE UPPER END OF COUNTY

Telephone service in the upper end of the county will be improved, temporarily, at least, as a result of an

agreement which was reached this week at Port Byron, whereby the Crescent and Independent companies will make connections after a period of several months, during which they have had no relations with each other. The present arrangement will hold only until there can be a joint meeting of the directors of the two companies. It is believed that a permanent agreement will be entered into by the directors.

LOAN ASSOCIATION IN SILVIS PROMISES WELL

An encouraging response is being given to the Silvis men who are engaged in forming a building and loan association with the object of helping building development in the village. Pledges for shares to the amount of \$35,000 have been given and it is believed that the capital will be \$100,000 and perhaps more when the organization is ready for business. With a capital of \$100,000 from \$6,000 to \$10,000 could be put in the savings account annually to be used in home building. Those who have applied for articles of incorporation are Charles Young, T. W. Crawford, Bert Wilson, C. E. Hunsick, George Suss, Glenn Cathcart, Peter Boyle, James Shannon, Charles Roach and A. D. Marchant.

RED GASOLINE CAN LAW GIVES DEALERS TROUBLE

Much trouble is being experienced by Moline merchants in their efforts to comply with the gasoline law, which went into effect July 1, and which prohibits the sale of the explosive liquid in any but red cans, with letters designating the contents at least one and one-half inches in height. Patrons, says William Carstens, secretary of the Moline Retail Merchants' association, are slow to fall in with the idea and the merchant has to bear the brunt of their ill will for complying with the act. Despite the fact that the law is for the protection of the consumer users of gasoline generally object to securing new containers or having their old ones painted and lettered. Mr. Carstens hopes that the position of the dealer may be better understood in the future.

MEAT DEALER GETS TIME

Case Against John Junge Will Not Come Up Till Oct. 27.

John Junge, proprietor of the meat market at 304 Fourth Avenue, who was arrested late yesterday afternoon for slaughtering a tubercular cow and having the carcass in his possession, was granted a continuance by Police Magistrate Gustafson this morning till Oct. 27. J. B. Oakleaf appeared as his attorney. Junge said he did not intend to sell the meat off the block, but to grind it up as hamburger. Many people came to the station to view the carcass, which was hung after its confiscation, in the garage in the rear of the city hall. All agreed that it did not appear fit for food. Dr. S. R. Kennedy, the veterinarian, and City Physician Perry Wessel declared that the animal was tubercular.

S. OF V. WILL COOPERATE

Promise to Help Entertain Confederate Veterans.

Moline Sons of Veterans are ready to cooperate with the G. A. R. in entertaining the Confederate Veterans' association, which has been invited to hold its next national convention in Moline. A resolution to this effect was adopted at last evening's meeting. A committee was named to confer with the G. A. R. committee in regard to the joint bean supper and camp fire annually held by the two organizations Thanksgiving.

RECKLESS DRIVERS HIT

LETTER CARRIER'S RIG

Peter Foufas and Harry Propas were made defendants in a reckless driving case brought by J. A. Walker, a city letter carrier, today. He charges that the pair were driving at high speed when their rig collided with his delivery cart at Fourth Avenue and Twenty-seventh street yesterday afternoon, inflicting considerable damage to the latter vehicle. The accused pair were arrested by the police at Fifteenth street but were let go on promise to pay for the damage. Later Walker decided to swear out warrants, which he did.

MASONS GOING TO QUINCY

Class of 22 Will Take the Consistory Degree Next Week.

Twenty-two Moline Masons will go to Quincy next Monday afternoon to attend the autumn reunion there and to take the consistory degree. Eight or ten others who will not be candidates will accompany them. A special car will be furnished members of the order by the Burlington road. The reunion will be held Tuesday, Wednesday and Thursday.

BETTER THINGS ARE IN PROSPECT

East End Protestors Promised Improvement in Street Railway Service.

NIGHT CARS WILL BE RUN

Grading of Third Avenue and Fire Protection Also Discussed at Conference.

Conditions in the east end of the city which call for remedies were given a thorough airing at the city hall yesterday afternoon when two dozen members of the East End Improvement association met with Mayor M. R. Carlson and Commissioner Clark G. Anderson, representing the city, and J. F. Porter, president, and J. G. Hunsdon, superintendent of the Tri-City Railway company. As a result several measures for the relief of conditions will be undertaken.

George M. Gould, president of the East End Improvement association, was chairman. The two city officers and the two officers of the street railway company were closely questioned and their views and the reasons therefor were brought out.

As a result of the meeting the company will next week put a gang at work double tracking the Third Avenue line as far east as Fifty-fifth street, while the city will cooperate in making the avenue passable for vehicles. Better night car services is to be inaugurated Nov. 1 and be given a thorough trial. The city will take some measures to provide better fire protection east of Thirty-fifth street.

GRADE THE AVENUE.

Third Avenue, it was pointed out, has been virtually impassable for vehicles. When the car line is double tracked the roadway will be graded. The city officers agreed to improve the approaches to the crossings. Forty-third street will be improved with cladders.

Complaint in regard to the lateness of the morning service to Moline and the absence of adequate night service was met by Superintendent Hunsdon of the railway company with a promise to inaugurate a midnight car from Moline, two owl ears after the present one and hourly service after 3:45 a. m. This will be tried for a month, and if the patronage is sufficient will be made permanent. Mayor Carlson said he would ask for the reports of the conductors to ascertain what the patronage is.

Fire protection for the east end is a puzzling problem, for the city does not care to go to the expense of buying costly equipment for temporary use, while the old Mississippi pump, which might otherwise be used, is worn out. About all that can be done for the present is to place chemical extinguishers at convenient points so that residents of the district and the firemen may make use of them when there is no water.

WOULD DELAY PAVING.

Delay in starting the quarter of a million dollar system of water mains and sewers in the district was explained for the benefit of the impatient ones. It is necessary to get all legal formalities out of the way before contracts are let. Next year it is expected will see the work in full blast. The proposed system will take 18 months to install. Until this undertaking is completed the mayor and commissioner advised against efforts to pave Third Avenue.

CITY MARKET WILL KEEP

OPEN TILL AFTER NOV. 1

The city market will remain open till after Nov. 1. This was decided at a conference between Mayor Carlson and Market Master J. H. McBride today. A number have indicated an intention of bringing farm and garden produce to the market as long as it remains open. Since there is no heat in the building, however, it will be necessary to close when the weather becomes cold.

NO EVIDENCE TO HOLD TWO

MEN SUSPECTED OF THEFT

Emil and Axel Johnson, brothers arrested by the police Thursday while trying to dispose of second hand clothing and silverware, were sentenced to 10 days in the county jail yesterday afternoon by Justice Fred Estrickin on the charge of disorderly conduct. They claimed that they obtained the stuff from two tramps and inasmuch as no one has disputed their statement it is impossible to hold them for larceny.

WHILE HAVING A GOOD TIME TEDDY WILL STUDY CONDITIONS IN SOUTH AMERICA

Cotton mill at Rio de Janeiro colonel will visit; Colonel Roosevelt and Dr. Lauro Mueller.

Rio de Janeiro, Brazil, Oct. 18.—Brazil is planning to give Colonel Roosevelt "the time of his life" during his stay here. Dr. Lauro Mueller, the minister of foreign affairs, has been laying plans for Roosevelt's trip for weeks. Among other things he has telegraphed Colonel Candido Ruondo to come in from the Mato Grosso, where he has spent 20 years in exploration, to meet Colonel Roosevelt and act as his guide. Ruondo knows the interior of the big state of Mato Grosso better than any other man. This state contains every variety of natural beauty and a wonderful variety of wild animals, which would furnish excellent sport for the colonel.

Colonel Roosevelt does not expect to spend all his time in the wilds. He will give several lectures in the larger cities, and make a study of conditions generally in South America.
